

Transportation Risk & Insurance Benchmark Review

A \$500 Value – Complimentary for NELA Members

Receive:

- One-hour transportation risk consultation (Value: \$150)
- Commercial insurance and coverage review (Value: \$150)
- Fleet risk assessment and benchmarking analysis (Value: \$100)
- Customized risk management action plan (Value: \$100)

During your consultation, we'll review your current insurance program, identify potential coverage gaps, evaluate fleet and operational exposures, and provide practical recommendations to help control insurance costs, improve safety, and strengthen your overall risk profile.

Whether you're wondering why premiums continue to increase, how your operation compares to industry standards, or what steps can make your company more attractive to insurance carriers, this review provides actionable insights tailored to your business.

Important Details

- Available exclusively to active NELA members.
- No obligation to move your insurance coverage.
- Designed specifically for limousine, black car, shuttle, and passenger transportation operators.
- Includes a written summary with recommendations and next steps.

Also we would like to offer:

Owner/Keyman Employee & Family Life Insurance Program

A Complimentary NELA Member Benefit

Protect what matters most with access to affordable life insurance solutions for business owners, employees, drivers, and their families.

Receive:

- Complimentary life insurance consultation
- Access to Guaranteed Issue Accident Insurance*
- Individual Term Life Insurance options
- Permanent Whole Life Insurance options
- Coverage available for business owners, employees, spouses, and dependent children
- Assistance with beneficiary reviews and policy selection

Many transportation professionals do not have access to employer-sponsored life insurance benefits. This program helps NELA members provide affordable protection for themselves, their families, and their workforce.

Whether you're looking for basic accident coverage, family protection, or long-term legacy planning, we'll help you identify the coverage options that best fit your goals and budget.
